Borrowing services

Borrowing media is free of charge. For university students, the student ID card (PUCK) serves as a library card. External users can get a library card at one of the departmental libraries. For extending loan periods please use your online user account. Fees will be charged if loan periods are exceeded.

E-Books, e-Journals and databases

Members of the university can access a large number of e-books, e-journals and databases from any location via WLAN or VPN. External users are welcome to use these resources on site.

Workstations

The library provides workstations, copy machines, scanners and printers.

Website

Our website provides up to date information about:

- opening hours
- terms of use
- courses and advisory services
- library research tools
